**National Library Week - Apr. 3rd - 9th:** "National Library Week is an annual celebration highlighting the valuable role libraries, librarians, and library workers play in transforming lives and strengthening our communities. The theme for 2022, "Connect with Your Library," promotes the idea that libraries are places to get connected to technology by using broadband, computers, and other resources. Libraries also offer opportunities to connect with media, programs, ideas, and classes—in addition to books. Most importantly libraries also connect communities to each other. Overall, the theme is an explicit call to action—an invitation for communities to join, visit, or advocate for their local libraries." Please join us all week long as we celebrate. To learn more about our celebration, check out our website!
